

“A MIND OF CHRIST”

An Overview of our Education

The Education Department is broken into two basic areas, Individual Bible study and Group Bible study. Each student goes through 3 separate phases including: Induction Phase, Training Phase, and Transition Phase.

Induction Phase

Induction consists of orientation, introduction to Salvation, and John’s ministry through his Gospel as he introduces us to Jesus Christ. This is where the students identify areas where they need to change the way they think and act.

Training Phase

The Second Phase is where the students learn life skills by using the principles as taught in God’s Word.

Transition Phase

The third phase is where students develop an exit strategy and prepare for transition back into the community.

Individual Bible Studies – IBS

Each student comes to Adult & Teen Challenge with different backgrounds and issues. IBS is where the Educational Coordinator, together with the student’s advisor assigns different studies that are tailor made for each student, focusing on their needs and issues. This is done through the five different studies described below.

- **Bible Reading Class** – Students are required to read the Bible daily.
- **Scripture Memory** – Students are required to memorize Scripture assignments.
- **Character Quality** – Students learn new character qualities such as, Meekness, Humility, Tolerance and Self control.
- **Bible Lessons** – Students study scripture to help understand how to take God’s principles and apply them to their personal relationships.
- **Personal Reading** – Students are encouraged to read approved books (such as “The Cross and the Switchblade” and “The Purpose Driven Life”), which enhances their understanding of the world.
